INTRODUCTION

In presenting The R. L. Polk Directory Co's 1915 Directory of Colorado Springs, Colorado City and Manitou, the publishers have used every effort to make this Edition as up-to-date as it is possible to make a Directory.

CONTENTS

The information embraced in the Directory is of a most complete and varied a character. It contains a list of the citizens, alphabetically arranged, telling their business, location of business and residence. It gives the style of the firms and of the individual partners. It contains a Classified Business Directory, exclusively devoted to commercial and professional life and listing under their proper classifications the names of those engaged in the different professions and in every line of commercial, financial and manufacturing enterprises. By referring to the Miscellaneous Information you may inform yourself of the development along the lines of religion, education and benevolent, social and secret organizations, for in this department, churches, public and private schools, libraries, clubs, societies, fraternal, labor and benevolent orders are recorded. The condition of every department of the city and county government, banks, public and private institutions, commercial bodies, courts, public buildings, hospitals, parks, postoffice statistics, and much other valuable information can be found. The Directory also gives a Street and Householders' Guide, corrected to the latest possible date.

The index to Miscellaneous Information will be found on page 10.

Colorado Springs and the Pike's Peak Region

Colorado Springs holds a unique position among the cities of the west. It was founded and has been developed along distinctive lines. As a residence city it has no equal in the West; as a tourist resort and center of wonderful scenic attractions, it is known far and wide; as a health resort, it has an international reputation. It is a city of no mean commercial importance, being the financial and smelting center for the Cripple Creek district; and while its development has been more essentially along residential lines, there are in this immediate locality, industrial plants of considerable importance.

The three cities, Colorado Springs, Colorado City and Manitou form practically one community, with a total permanent population of about 41,000.

The Pike's Peak Region is America's Scenic Playground. In no similar area in America is there to be found such wonderful scenery in so great variety and so easily accessible. Guarded by the snow-capped summit of Pike's Peak, which towers above all neighboring mountains to an altitude of 14,109 feet, this region is a veritable wonderland, including as some of the more noted features: The Garden of the Gods, Glen Eyrie, Mushroom Park, Williams Canon, Crystal Park, Cave of the Winds, Mt. Manitou Park, South Cheyenne Canon, Seven Falls, North Cheyenne Canon and the High Drive, Ute Pass, Phantom Cliff Canon, Stratton Park, Palmer Park, Cripple Creek, and a score of other places of scenic beauty.

Taken year in and year out, from January to January, the climate of the Pike's Peak Region will out-average all others for mild, invigorating, pleasant and healthful weather. Official records show an average of 180 absolutely sunny days, and 130 partly cloudy, making a total of 310 days of sunshine every year, while there are only 11 days a year totally lacking in sunshine. That Colorado Springs is a healthful city is shown by the fact that its average resident death rate is only 7.72 per 100; this same ratio holds true of Colorado City and Manitou as well.

The three sister cities at the foot of Pike's Peak are modern communities with every up-to-date metropolitan convenience. The following figures, taken from the records of Colorado Springs substantiate this statement:

Assessed valuation—\$38,079,220—on a basis of the full actual valuation.

Bonded Debt—for city hall, bridge and viaduct, and sewer, Dec. 31, 1914, \$214,100; for water works, \$1,437,500.

City tax-rate—6.7 mills; total tax-rate, 17.93 mills.

Area of city—5,241.3 acres.

Miles of street—125.

Miles of paving—2.28; 3.2 oiled.

Miles of public sewers—72; valuation, \$239,318.

Miles of water mains—143.

Value of water system—\$3,193,735.

Parks and Parkways—11; valuation, \$1,883,765; number of acres, 2,600.

Fire department—Men, 37; station houses, 4; motor trucks, 3; horses, 4; engines, 1; extension ladder trucks, 1; hose and chemical wagons, 4; hose carts, 2; value of buildings and lots, \$34,637.60; value of apparatus, \$30,528.50.

Police department—Men, 32; station houses, 1.

Public Schools—Buildings, 30; teachers, 174; pupils, 6,062; value of buildings and lots, \$1,000,000.

Books in public library—26,300.

Postoffice receipts, 1914—\$131,360.08.

Banks and banking houses—7; combined capital, \$1,175,000; total deposits, \$11,379,921.86.

Theaters—7; hotels, 20; hospitals, 10.

Building permits, 1914—296; value, \$443,971.50.

Colorado Springs' park system is notable. It comprises 2,600 acres, more than is owned by many cities fifty times its size, and includes some of the most famous natural wonders of the Pike's Peak Region.

Colorado Springs has a splendid public school system and it is also the home of Colorado College, which ranks as one of the best institutions of higher learning in the United States.

Pure mountain water, coming from the snow-fed streams on the slopes of Pike's Peak, above sources of contamination, is one of the city's best assets. The system belongs to the municipality.

Among the institutions of importance located in this vicinity are the Union Printers' Home; the national sanatorium of the Modern Woodmen of America; the Colorado School for the Deaf and Blind; and the Myron Stratton Home.

In an industrial way, there are in the Pike's Peak Region 150 manufacturing plants, with an annual output of \$3,134,500; while all industrial plants employ 3,210 persons with an annual payroll of \$2,806,626, and with a combined capitalization of \$11,547,000.

Colorado City, the first capital of Colorado, adjoins Colorado Springs on the west. It is the center of many industrial plants.

Manitou, nestling at the foot of Pike's Peak, is world-famed for its healing mineral waters and its delightful, picturesque surroundings.

The up-to-date business houses will be found represented in the advertising departments of the Directory, for business men appreciate the fact the Directory represents the city and its business interests both to the stranger within the gates and the people of the many other cities to which it goes—as no other publication does or can.

The publishers beg to extend their thanks for the courtesies that have been shown their representatives and for the liberal patronage bestowed upon the work.

unteer)—836 N Spruce.

Reed V Z Hose Co No 6—(Volunteer)—19 E Las Animas.

How to turn in a fire alarm:

Break glass in small frame in front door of box to get key, open box, pull down the hook inside once and let go. Remain at the box until the fire department arrives.

Always turn in an alarm from the box nearest the fire. When call is made by phone give operator location of fire (Tel Main 35).

Three taps on tower bell—Fire.

One tap—FIRE OUT.

All sprinkling must cease upon an alarm of fire.

FIRE ALARM BOXES.
